

**NURSES**  
IN PARTNERSHIP, INC.

# EMPOWERING nurses to change their FUTURE through OWNERSHIP

Nurses in Partnership, Inc. is America's most contemporary travel nursing company. We place Nurses with America's leading healthcare facilities, in a travel nursing environment. Established to provide added value to the travel nursing industry, we boast a complete service package that is unmatched in today's market.

Each member of our executive team are travel nursing industry veterans who have headed both publicly traded and privately owned businesses in the U.K. and the U.S.A. Their industry knowledge and past experiences have culminated in a company that is geared toward developing *partnerships* that are mutually beneficial to both the nurses and healthcare facilities involved.

The partnership concept was developed to encourage nurses to invest in their future and stay within the nursing profession. We are the only travel nurse company to offer you a share in our company that increases following each assignment you complete. In addition to ownership, we also give our partner nurses a share in our profits at the end of each financial year.

Our research showed that most of today's travel nursing companies only provide momentary benefits - at Nurses In Partnership, Inc., we provide you with comprehensive short and long term advantages. We don't just give you the benefits you expect, we give you the benefits you deserve.
